

REVO 2.0 BY PRIDE MOBILITY

SKU: PR-S67

Product Overview

The Revo® 2.0 4-Wheel Mobility Scooter combines rugged durability with everyday portability. Designed with Comfort-Trac Suspension and flat-free tires, it delivers a smooth, stable ride over varied terrain. With speeds up to 5.2 mph and a travel range of up to 17.8 miles per charge, it's built for longer outings. Despite its heavy-duty performance, the Revo® 2.0 disassembles easily for transport and storage.

Features

- 400 lb weight capacity for robust performance
- Up to 5.2 mph maximum speed
- Travel range up to 17.8 miles per charge
- Comfort-Trac front and rear suspension for smoother rides
- 20" ergonomic seat designed for enhanced comfort
- Black, flat-free, non-scuffing tires
- LED headlight for improved visibility
- USB charging port and user-friendly console

Available In

True Blue Grey Street
