

TRILLIUM SERIES ROLLATOR BY EVOLUTION

SKU: EVO-W

Product Overview

The Trillium Series by Evolution is engineered for exceptional comfort, durability, and everyday performance. Featuring a padded seat cushion and extra-wide contoured backrest, it delivers superior seated support compared to traditional rollators. Its concealed-cable braking system allows for smooth handle height adjustments and simplified maintenance.

Features

- 1.5" thick removable, quilted seat cushion for enhanced comfort
- Extra-wide contoured backrest for improved seated support
- Concealed-cable braking system for clean design & maintenance
- Tool-friendly handle height adjustment system
- Collapsible, removable storage basket
- Durable 8" PU wheels for smooth indoor and outdoor mobility
- Offset rear forks to promote a wider, more natural gait
- Lightweight 14 lb frame for easy lifting and transport

Optional Accessories

- Cup Holder
- Cane Holder
- Phone Holder
- Slow Down Brakes
- Eyeglass Holder
- Tray
- Curb Climber
